Training and Education for...

- Joint Air Ground Operations
- Theater Air Ground System (TAGS)
- Process air support requests for Close Air Support (CAS), air interdiction and electronic warfare
- Coordinate airspace use and users
- Joint Fires
- Joint Targeting
- Airborne surveillance and reconnaissance / collection requirements
- Joint air tasking cycle
- Joint Air Operations Center (JAOC)
- Army Battle Command Systems interoperability with Theater Battle Management Core System (TBMCS)
- Integrated Air and Missile Defense
- Understand Air Tasking Order (ATO) and Airspace Control Order (ACO)

MCTP Exercise Support

AJST provides joint air-ground operations subject matter expertise in support of JCW and MCTP controlled exercises including Corps & Division War Fighter, Mission Rehearsal specific and CCDR/JFC exercises. AJST supports MCTP OCTs and unit level fires and aviation personnel to effectively integrate joint air capabilities into their planning and execution of ground combat operations.

AJST Director

COL Darren Cox

Formal Courses...

- Joint Air Operations Command & Control Course (JAOC2C)
- Air Operations Center Initial Qualification Course (AOC IQT)
- Joint Senior Staff Course (JSSC)
- Joint Firepower Course (JFC)

Mobile Training Teams...

- Battlefield Coordination Detachments
- Army Air and Missile Defense Commands (AAMDC)
- Army HHQs (e.g., ASCC, Corps, Div)

ARMY JOINT SUPPORT TEAM (AJST)

Learn to exploit joint air capabilities or forces to support ground operations

AJST JOINT TRAINING CAPABILITIES

AJST provides world class joint air-ground integration training and education with the 505th Command & Control Wing at Hurlburt Field, Florida and 57th Operations Group at Nellis Air Force Base, Nevada.

JOINT AIR-GROUND INTEGRATION TRAINING LAB

One of a kind collection of Army Battle Command Systems (ABCS) including GCCS-A, AFATDS, TAIS, AMDWS and CPOF interfaced with the Theater Battle Management Core System (TBMCS) providing air tasking orders and airspace control orders for a realistic training experience.

Facility supports multi-service training. Normally BCT to ASCC/BCD levels.

Mission training center focused on joint air-ground operations.

JOINT AIR GROUND INTEGRATION COURSES AT HURLBURT FIELD, OPERATIONAL LEVEL TRAINING ATRRS SCHOOL CODE 886:

- **Joint Air Operations Command & Control Course (JAOC2C)**
- **Air Operations Center Initial Qualification Course (AOCIQT)**
- **Joint Senior Staff Course (JSSC)**

JOINT AIR GROUND INTEGRATION COURSES AT NELLIS AFB, TACTICAL LEVEL TRAINING ATRRS CODE 886A

- **Joint Firepower Course (JFC)**
- **Joint Terminal Attack Controller Qualification Course (JTACQC)**
- **Air Liaison Officer Course (ALO)**
- **Ground Liaison Officer Course (GLO)**
- **Forward Air Controller (Airborne) Course**

For more information about ATRRS enrollment in resident courses:

EDUCATION & TRAINING FOCUS AREAS:

- Joint air support:
  - o Close Air Support (CAS)
  - o Air Interdiction (AI)
- Airspace integration
- Joint Fires
- Joint Targeting
- Joint Airborne collection
- Common Operational Picture - Ground & Air
- Integrated Air and Missile Defense
- Inter and Intra Theater Airlift
- Information Operations
- Personnel Recovery
- Joint Air Tasking Cycle
- ABCS—TBMCS interoperability
- Interface TAIS-AFATDS-AMDWS

PRIMARY TRAINING AUDIENCE:

- Battlefield Coordination Detachments (BCD)
- MCTP & Combat Training Centers
- Army Centers and Schools Instructors
- ASCC, Corps, and Division staff (Fires, Airspace, plans/operations personnel)
- BCT ADAM/BAE
- ATS and Airspace personnel
- GLO/RLOs
- ILE, CPT Career Course & Warrant Officer Advanced Course instructors/ students
