Doctrine 2015—Delivering Critical Knowledge to the point of need
Brig. General Flynn, CAC Commander, used the first publication of the new concept -- Army Doctrine Publication 3-0 (Unified Land Operations) - to emphasize the importance of capturing the lessons learned from the past 10 years of war. Equally as important, he added, was to deliver the doctrine using interactive tools and modes that young Soldiers and leaders use. [Click to read more.](#)

The Papers of General Paul F. Gorman, USA (Ret)

This electronic archive is part of an effort to gather papers from important and influential leaders, whose practical and conceptual work shaped the Army in profound ways and delivered a modern effective fighting force to the nation. Their work is enduring. The principles of leadership and management they applied are timeless. It is appropriate that we should capture the artifacts of their work, study them, and apply what we learn in pursuit of similar challenges facing our Army today. [Click to read more.](#)
