

Mr. Owen M. Hammett
Vice President, Alion Science and Technology
Program Manager
LandWarNet/Battle Command, DCS G-3/5/7, HQDA

Mr. Owen M. Hammett is one of the Alion Science and Technology Program Managers in the G-3/5/7 LandWarNet/Battle Command Directorate. A retired Signal Corps officer, Mr. Hammett served in three divisions as squadron and brigade signal officers, signal company commander in Vietnam and CONUS, had a total of eight years of command and 20 years of Army and NATO staff experience.

Since 2003 Mr. Hammett has been the Battle Command, and now LandWarNet/Battle Command staff officer for knowledge management matters, developing the concept of operational KM and initiating the appointment of the Combined Arms Center as the Army operational KM proponent. In close coordination with the DCS G-3 Training Directorate, he has served as the BCKS and KM doctrine entry point to the G-3 and Army Staff and for Joint KM initiatives.

Mr. Hammett is a 1992 graduate of the Army War College and holds a Master of Science degree in System Engineering from Florida Institute of Technology.
