

Mr. Timothy M. Stockton
Teledyne CollaborX, MCSE CISSP

Mr. Stockton has worked in virtual collaboration and information management for over 15 years. He is a Microsoft Certified Systems Engineer (MCSE) and a Certified Information Systems Security Professional (CISSP). He has managed information systems for VAW120, COMNAVNETWARCOM, and USJFCOM. At COMNAVNETWARCOM he was responsible for the Enterprise Knowledge Management System (EKMs) and traveled to many of the subordinate commands to train their personnel in the use of collaborative tools improve efficiency. He currently works as the project lead for HARMONIEWeb, an ASD(NII)/USJFCOM initiative to provide communication across the civil/military boundary. He has also served as a Professor at Tidewater Tech, where he taught network design and implementation. As president of the Hampton Roads chapter of the Information System Security Administration, he increased membership 200% and brought together some of the best IS minds in Virginia to address information security topics of concern to the community. He has been a consultant for the New York Stock Exchange on matters of Information Security and possesses a degree in management from Troy University.
