

Mr. Todd Miller
Knowledge Management Next Generation Project Lead
Symbolic Systems, Inc.
Supporting U.S. Army Program Executive Office Command,
Control, and Communications Tactical (PEO C3T) Chief
Knowledge Office (CKO)

Mr. Todd Miller is an Army contractor with Symbolic Systems Inc. He supports the PEO C3T Chief Knowledge Office as a Knowledge Management Project lead on Next Generation technologies.

Currently Army Team C4ISR leverages a mixture of technologies to provide a Web portal experience, including IBM Lotus Domino, Microsoft .NET, Java, and PHP. The Next Generation team is responsible for the advancement of the Army Team C4ISR Knowledge Center Web site and associated portals and applications into a more integrated, robust, and scalable environment, as well as the introduction of next generation Web 2.0 technologies that promote knowledge sharing and collaboration as an integrated experience.

Mr. Miller was formerly Project Lead for the Army Team C4ISR Knowledge Center (KC), a secure, intranet/extranet system developed as one of three original pilot programs for the Chief of Staff Army (CSA) Knowledge Office. The Army Team C4ISR portal serves a community of over 20,000 government and contractors supporting the CECOM Life Cycle Management Command (LCMC). CECOM LCMC develops, acquires, fields, supports and sustains superior Command, Control, Communications, Computers, Intelligence, Surveillance, Reconnaissance (C4ISR) and Information Systems for the Joint Warfighter.

He is a graduate of Syracuse University and has been working in the area of knowledge management and information technologies for over 7 years supporting both private companies and government organizations.
