Department of the Army

## Terence (Terry) M. Edwards

Deputy Chief of Staff for Corporate  
Information/Chief Information Officer  
U.S. Army Materiel Command  
Washington, D.C.

Selected for the Senior Executive Service in May 2005, Mr. Terry Edwards was appointed to his current position in June 2006. As the Deputy Chief of Staff for Corporate Information/Chief Information Officer for the U.S. Army Materiel Command, he is responsible for positioning Command Information Operations to provide maximum readiness support to the Army, every Soldier, Combatant Commanders, and Joint/Combined/Expeditionary operations. Mr. Edwards serves as the principal advisor to the Commanding General, Army Materiel Command, on all information technology matters. He directs all the information activities of the Command as the central authority, senior counselor, and prudent advocate for all Command, Control, Communications, Computers and Information Management including enterprise policy, planning guidance, direction, and resource management. He provides the leadership to ensure improved design, acquisition, use, performance, effectiveness, sharing, and timely retirement of information assets.

From May 2005 until June 2006, Mr. Edwards served as the Director for Army Architecture Integration Cell in the Chief Information Office/G6, Headquarters, Department of the Army, Washington, D.C. Mr. Edwards's innovative approach to resolve interoperability challenges coupled with his subject matter expertise in the areas of battlefield digitization and Army architecture has made him the Army's leading authority on the Army Enterprise Architecture integration and operations.
