The WOSSC is education, not training.

You will be tasked to analyze, evaluate and express your thoughts and opinions on a wide range of topics important to any Army officer. Many of the problems you address will be ill-structured, without a single correct solution. You will be challenged to participate and interact with your fellow students in online discussion forums, classroom discussions, through written papers, and in small group instruction as you progress through the course.

Be sure to download & read the two documents above (Course Syllabus and SAP).

First steps once entering the classroom.

2. Read Course SAP and Syllabus.
