

Training Solutions to Stay Army Strong

<https://atn.army.mil>

Army Training Management System (ATMS)

Provides a single-source training management system using the technologies and resources of ATN, DTMS and CATS. ATMS helps you plan-prepare-execute and assess your unit training more efficiently.

Help Desk: (913) 684-2700

A secure, web-based resource that provides:

- Training doctrine: ADP 7-0 & ADRP 7-0
- Unit Training Management (UTM) supports doctrine with the 'how-to' processes
- Access to HQ DA Standardized METL
- Unit training products
- Collaboration with the training community
- Access point to DTMS/CATS/UTM

- Expands on training doctrine with the 'how-to' details; points to the supporting tools like CATS, DTMS and others
- Provides extensive tutorials and examples to show you 'what-right-looks-like'
- Delivered in an online viewer, downloadable modules and pdf manual
- Links you to additional resources where you need them in the text

Your training database of record to:

- Review the higher commander's training guidance and disseminate your own
- Review your higher unit METL
- Record your unit METL and view your subordinate unit's METL
- Manage the unit training calendar
- Assess/record individual training

Mobile Training Team POC: 913-684-2708

- TOE-focused, task-based, event driven strategies to assist in the development of unit training plans
- Saves planning time by providing a descriptive, proponent-approved, unit-vetted strategy, which can be easily tailored by the unit in DTMS
- Provides task, purpose, outcome and execution guidance for each training event

Unit Training Management (UTM)

Plan - Prepare - Execute - Assess
