# Monthly Newsletter - May 2023

Last month, we began our deliberate battlefield circulation to CAC’s subordinate organizations, and we want to highlight a small sample of their many important accomplishments. At Training Management Directorate (TMD), Mr. Bill Brosnan and Mr. Eric Tangeman have made great strides supporting top priorities for CAC. Bill, a doctrine writer for TMD, has produced the final draft of the Platoon Level Training Management Handbook, which can be found on ATN, as well as the most recent version of ADP 7-0. Eric is currently working on the Army’s return to Mission Training Plans (MTPs) and Army Training and Evaluation Program (ARTEP), which will allow units to better determine which tasks to train and how to manage training across their organizations. TMD has also progressed development of the Digital Job Book, which allows units to directly update the Digital Training Management Systems (DTMS) on devices that don’t have Common Access Card capabilities.

Near the end of the month, we were able to spend time with leaders from the Mission Command Center of Excellence (MCCoE). SFC Burkeen and SFC Devine have both been critical to the success of the Force Modernization Proponent Center (FMPC). At the Center for Army Leadership (CAL, previously named CAPL), Janetta Harris, Dr. Bernard Harris, and Mounir Bouchareb (pictured to the left) co-authored the article “Leader Presence and Its Impact on Organizational Leadership” which was published in the [Journal of Military Learning](#). Within MCCoE’s headquarters element, MAJ Brendaly Eaton is a one-person S1 shop. In the words of SGM Edwards, “she personifies greatness daily!” We’re looking forward to seeing more of you and sharing your great work. Thank you for all that you do!
