## Monthly Newsletter - February 2024

As we begin the second month of 2024, we hope you have been able to enjoy some of our recent warm weather. Looking forward to all that 2024 holds, it's important to note that this is an election year. Registering to vote is a fundamental step in our democratic process, and our collective responsibility lies in ensuring that our teammates understand the process, whether by way of in-person registration or absentee ballot. We wanted to take the time to deliberately voice our support for your right to vote and raise awareness of the Army Voting Assistance Program.

All units have Voting Assistance Officers who are trained to provide this vital information to their organizations. If you or anyone in your organization needs help learning about how to register to vote or have questions about the process, you can find your specific unit's Voting Assistance Officer listed on the back of this newsletter.

By fostering this awareness, we can empower our community to exercise their right to vote, contributing to the vibrant tapestry of democratic expression. In a time where diverse perspectives are essential for a thriving society, each one of us plays a vital role in fostering a culture of informed citizenship. We must never forget that individual actions collectively influence the democratic fabric of our great nation. We will be observing Armed Forces Voting Assistance Week from June 28th to July 4th with a number of enjoyable engagements.

Thank you for all that you do for our unit, our Fort Leavenworth community, and our Army. We look forward to seeing you all in-person throughout the year.
