MCTP uses approved and emerging Joint/Army doctrine to design and control Warfighter Exercises that afford opportunities for stimulating training objectives. OPSGRPs use doctrine to observe, coach, and teach training units; develop informed After Action Reviews, produce Final Exercise Reports; and provide annual observation reports. These processes and products, along with MCTP relationships with TRADOC organizations, aide in the continued development of Army and Joint Doctrine.
• Commander retains option to retrain tasks based on formal AAR feedback

• 8 days of training, with two formal AARs

• 24/7 continuous operations;

• Scenario follows OCONUS *Unified Land Operations* construct; seize, retain, exploit the initiative to gain and maintain relative position of advantage through *Decisive Action*—combinations of Offense, Defense and Stability tasks

• Modified to fit Commanders’ Training Objectives and desires

• Dynamic Scripting of Scenario
