AJST JOINT TRAINING CAPABILITIES

AJST provides joint air-ground integration training and education with the 505th Command & Control Wing at Hurlburt Field, Florida and 57th Operations Group at Nellis Air Force Base, Nevada.

JOINT AIR-GROUND COMMAND AND CONTROL LAB

A fully integrated lab consisting of GCCS-A, AFATDS, TAIS, AMDWS, DCGS-A, JADOCs, CPCE, and GCCS-I3 as well as the joint system Theater Battle Management Core System (TBMCS). Stimulated by C2WSPTT the student will encounter a realistic joint air/ground integration training experience.

Facility supports multi-service training. Normally BCT to Theater Army/BCD levels.

The only Joint C2 Lab focused on joint air-ground operations.
